

Our Vision

Fully mature disciples, compassionately pursuing the great commission, demonstrating Godly zeal and transformational leadership, bringing positive change globally

Our Mission Statement

To creatively respond to the great commission, by creating strong Christian fellowships, developing ethical leadership, caring for the vulnerable, mitigating conflict in our communities and improving the social-political-economic status of nations

Our Core Values

- Integrity/Uadilifu
- Stewardship/Uwakili
- Peace/Amani
- Compassion/Huruma
- Love/Upendo

Our Pillars

- Discipleship
- Compassion and Dignity
- Peace
- Stewardship and Integrity
- Mentorship

Our 2023 Theme

We are well Able (Num. 13:30)

How do you eat an elephant? A bite at a time. In 2021, GOA family and entire network of local and global partners evaluated the first 30 years of making disciples. With gratitude to God for all the accomplishments in great humility, we presented our weaknesses to God.

Through prayer The Holy Spirit opened our eyes to see diverse kingdom opportunities that would result in fully mature disciples compassionately pursuing the great commission, demonstrating Godly zeal

and transformational leadership to bring positive change globally.

The lessons learnt from the negative impact of Covid 19, an electoral cycle that threatens peace in Kenya every five years, drought and famine that threatens the lives of Kenyan people, we explore measures that would help GOA mitigate the risks that threaten the realization of the GOA Vision 2055.

GOA Vision 2055 is the elephant that we invite you to eat with us a bite at a time. Please view it via this [LINK](#) or the downloads link at the bottom of this page

The first bite of this Elephant is the GOA 2022-2023 strategic plan. With the help of God and our very committed friends and partners, we all have had a share of a bite each producing glory and honour to God in the past financial year. Words may not be enough to express our gratitude but eternity will reveal it all.

ASANTE SANA.

EXECUTIVE DIRECTOR'S REPORT

No better way to express our partnership than to use Apostle Paul's Agrarian analogies "I planted. Apollos watered it but God made it grow and [He] gave increase" 1 Corinthians 3:6-7)

Please [CLICK HERE](#) to see not only the increase but also the priorities of this current year 2023/2024.

Thanks to the Grace of God by which we have started strong and look forward to your support to finish strong to the glory of God. Please prayerfully consider picking one of the priorities or more from an area you would wish to make a difference. I will be in the States from May 6th to May 23rd. If you, your family, church or people within your networks would like us to discuss these opportunities available during my trip in the States or on Zoom let me know. Together we will eat the entire elephant

Bishop David Munyiri Thagana,
Presiding Bishop & Executive Director
Glory Outreach Assembly

Discipleship

I am Fred Okwomi, the Director for the GOA Discipleship ministries. I am married to Christale Baraka for the past 5 years. We are blessed with one baby girl Eliana Furaha who will be turning two years on 1st July 2023. Christale is a nutritionist from Kenya Medical training College and passionate about reaching the community through her profession and sharing the Gospel of Jesus

Our Discipleship Strategies

GOA discipleship pillar was established 32 years ago to creatively respond to the great commission, reaching different target groups with the Gospel. Our teams have used creative strategies of reaching the different groups with the Gospel, these include Sports, Community service and open air preaching meetings, person to person evangelism, and Social media evangelism. As a result of this creativity the number of believers being discipled by GOA congregations has grown drastically to closer to 15000 and more communities now have a church where they can walk to for worship and fellowship. More leaders have been given an opportunity to live their God given purposes through the Growing GOA congregations, as Pastors, church elders and other ministry opportunities. Over the past 32 years GOA has planted 191 churches which are taken care of by 250 Pastors.

15+ New churches Planted in the past year	250 Pastoring discipling believers
192 Churches in 5 Countries in Africa	400+ Believers Baptized in the Past year
6 Churches Built with ICM support	4 More Under Construction

The milestones we achieved

GOA mentorship and leadership Summit gave GOA teams an opportunity to look at GOA vision in a new way. In order to improve on the efficiency of the reaching communities with Gospel of Jesus, The GOA regional Overseers have been elevated to the office of GOA Regional Bishops. With this new development GOA regional teams can do more in reaching the communities and equipping Pastors for ministry. We also created more administrative regions to reach 20 administrative regions up from the previous 16 regions.

Empowerment of Pastors

The Pastors in unreached areas travel for long distances to reach their communities with the Gospel. The blessing of a motorbike to a pastor in Turkana, Samburu Maasai and Tharaka regions is a big miracle to the Gospel. Through the support of Cumberland community church we empowered 3 of our Pastors with a motorbike each. 12 more Pastors still need a Bike to reach the community with the gospel. It costs USD 2000 to

buy one Bike for a Pastor.

New believers

Through creative evangelism strategies GOA discipleship teams reached more people with the Gospel of Jesus and close to 550 accepted Jesus are being disciplined to maturity in the different congregations. Out of these more than 400 have been baptized through immersion in many waters while the rest are still undergoing the new believers discipleship class and will be baptized in the coming few days.

GOA REGIONAL CONFERENCES

After the long period of Covid Interruptions Goa Teams from across the globe gathered for the Annual conferences. We held all our three conferences, the children conference, youth conference and the family conference together in Gilgil Kenya. More than 1000 members of GOA family gathered for this Historical moment. Thank you for sponsoring delegate to the conference.

Prayer needs and priorities for the current year

Our teams have planned to build 12 new permanent churches in the unreached areas at the cost of \$22,500 and more temporary churches at the cost of \$450 each. Creative evangelism strategies in both reached and unreached areas will cost us an estimated \$12,000 to make more disciples.

Missionary teams support to unreached areas in Kenya and outside the country at a cost of \$7000. The funds will help us send missionary teams to new countries and areas with the goal of evangelizing these communities. Pastors and leaders training and empowerment Seminars that will cost us an estimated \$22000 while 10 motorbikes for Pastors in unreached areas will need \$20,000.

For effective leadership teams we envision a need of USD 13000 to support our discipleship administrative team

Thanks

We are grateful to the GOA partners that have been of great impact to the progress of our ministry. GOA teams have been able to reach communities with the Gospel and disciple more people through the help of our ministry partners. Thank you so much for your invaluable support.

Compassion & Dignity

I'm Esther Muchiri, married to Rev Peter Muchiri together we Pastor GOA Kangemi Church in Nairobi. We are blessed with 2 boys 19 and 22 years respectively both of whom are in the university. I joined GOA head office in 2005 as an administrative assistant and served in the same capacity until the year 2012 when I was appointed Director of Compassion and Dignity. I am happy improving the quality of life to the less fortunate. I hold a diploma in Leadership and Management from Strathmore University.

What We do

We creatively respond to the great commission by caring for the less fortunate especially orphans and those affected

GOA COMPASSION CHILD SPONSORSHIP				
Home	Number Of Children	Sponsorship needed	Current No of Sponsorships	Sponsorship deficit
Kieni West Childrens Home	36	108	37	71
Rehema Girls Rescue Centre	27	81	34	47
CCRC Childrens Home	39	117	72	45
Rhema Childrens Home	30	90	48	42
Strong Tower Childrens Home	66	198	143	55
Tumaini Childrens Home	79	237	174	63
Beat The Drum Home	34	102	86	16
TOTAL	311	933	594	339

by HIV/AIDS. Diseases such as HIV/AIDS and others coupled by the tough economic times have escalated the rate of orphaned children and devastation among families. Goa Compassion teams respond to this need through caring for these children with the support of our friends and partners through Child sponsorship

EDUCATION

The Kenyan system of education returned to normalcy after disruption by the covid19 pandemic. As a result there were multiple transition grades of the same year both in the Primary school and secondary Schools. 21 of our children sat their primary school Education and were all admitted to different High school while 20 students sat their High School final exam. Transitioning this group of children to their next levels was intensive in financing. We are grateful to our friends and partners that helped us send them to school.

Our children Health

Proper nutrition is key to the physical and cognitive health of our children. We therefore give key emphasis on proper nutrition for our children. Our compassion teams try all our best to provide nutritional diet for the children. There are efforts to grow vegetables and fruits in our homes to provide for the children. Three of our children at Beat The drum Home have attained the triple Zero status, having an undetectable viral load. This is as a results consistent medical appointments and good care. However, 3 children at Tumaini that require monthly clinics at Kenyatta national hospital, Please pray for and support us.

Esther together with her three siblings were abandoned by both parents in a rental house without food, their maternal grandmother who lived nearby, totally refused to host them when they were forcefully placed under her care by the area chief. They spent several nights in the cold. This put the child and his siblings in danger of malnutrition, defilement or even death due to Pneumonia which affects young children. Their paternal grandmother who lives miles away, when she was requested to host them, he claimed he was unable due to poverty and financial constraints. The children have not been in school for the past four years yet they have attained the school going age. Esther and her siblings are now with us at Rhema children home, they go to school, fed and are clothed. Together we can improve lives. We need \$117 to sponsor a child per month provides for their basic needs, education and other developmental needs for the child.

Sustainability projects

Sustainability projects are part of our strategies to attain food security and provide nutritious food for our children.

Each of our homes have adopted a farming project that provides vegetables and other food that would provide for the nutritional needs for our children. These include dairy farming, poul-

try and rabbit farming. These projects were adversely affected by the prolonged drought. Some of them underperformed. However with the return of the rains we are optimistic that there are good results a head for our children and homes.

Infrastructure

The dream to construct a dining hall at Rehema girls was achieved. This dining hall will be used for all

meals, worship and devotional time every evening, a place to do home work, and a place for skill development. At the same time we were blessed with the gift of a newly drilled borehole at Kieni Home. The water will now be sufficient for the children needs as well as the farming for the home. At Beat The

Drum Home our security challenge has so far been addressed with the erection of a chain link fence around the home. Our projects and children are safe from intruders. We praise God.

Reforms

The Kenyan government recently introduced care reforms strategy known as “changing the way we care.” This strategy encourages care for children within families as opposed to the traditional institutions such as homes. The strategy will see Kenya change from institution mode of care to community based care. In view of this the compassion teams are realigning our child care to fit to this new strategy.

Praise

Together with our 34 caregivers, we have accomplished a lot, we wish to register our gratitude to all friends, partners and sponsors for their support together lives were improved. My appeal to you once again is, kindly consider walking with us in 2023/2024 financial year.

OUR PRIORITY NEEDS

- | | |
|--|--|
| 1) GOA Compassion children are happy, they have home, parents, brothers and sister to love them. However we are in need of 339 child sponsorships each at USD39 per month. With the sponsorship each child will have their education is paid for and that the child has basic needs met and that the staff taking care of the children has a monthly support. | for the children at the cost of \$33000. |
| 2) Our compassion teams are also in deep need of resources to put up supporting infrastructure. These include \$63,000 for the administration block at Tumaini and an estimated equal amount to build a dining hall at Strong tower Home and installation of solar pumping system estimated to cost \$6,000 and an equal amount for the newly drilled borehole at Kieni Home, while CCRC home and Rehema need \$35000 and \$38,000 respectively for a caregivers houses. | 4) In order to accomplish our sustainability goals at Kieni Home the home is in need of \$2500 to pay for an extra piece of land. |
| 3) Rhema Home is the only GOA Home where children are living in temporary shelters with no electricity. We look forward to installing solar power system at an estimated cost of \$5,500 and build a dormitory | 5) Tumaini Home is in need of \$8000 to improve the home drainage system and a total of \$2500 for dining furniture. In order to adequately support the needs of the home and two schools the Home needs a standby Power generator estimated to cost \$ 14000 and an addition la \$2000 to upgrade the home access road. |
| | 6) The director of compassion is charged with the responsibility to ensure that the department is effective and that all operations are efficient, which involves regular visits to the homes. The director is in need of a ministry car estimated to cost \$20,000. |
| | 7) Our caregivers empowerment programs need \$9000 to regularly train and equip them for better child care and an addition la \$2500 for continuous psychosocial support for the children living with HIV/AIDS. |

Thank you so much

I would like to thank all our partners and sponsors for their support that has helped us change the future of many under privileged kids by providing them with shelter, clothing and education. We invite you to walk with this in this new year.

My name is John Waithanji, I am 27. I am the third born in a family of six children. I was brought up in a family of a single mother that struggled with basic needs. It is for this reason that I got an opportunity join Rhema children's home. I received all the care and provision to where I am today serving in at the GOA Head office compassion ministry as the Assistant Compassion Director.

What is Foster care?

GOA compassion has cared for hundreds of children through GOA Homes. As the ministry grows our teams are exploring the strategy of community and family care through foster families. In this new model needy children are attached to foster families where they are cared for as members of the families and are supported through supporting their new families which provide for all their needs. Currently we have 27 children attached to foster families some of which are equally in dire need and struggle to meet their own needs but have graciously taken in an extra child or more to care for them.

Foster Children progress

Out of the 27 children 9 of them are in high schools while the rest 18 are in Primary school. Through our friends

and partners, we have paid school fees for all the 9 children in High school and also provided for educational needs for all the others. Through our regular feeding and support for the families over 100 members from these families have benefitted with food and other support home to school and back. The children meet regularly for fellowship and mentorship meetings at The GOA churches

and are helped to grow in their spiritual walk with the Lord Jesus.

Our Priorities and Prayer needs

1. We would like to add 5 more children to the foster care program due to the growth of the number of children in need in our communities. This will require \$300 more per month for their needs.
2. We also need to sensitize our regional leadership teams to care for more children. Our sensitization initiatives require us \$200.
3. We also look forward to extend the care program into mentorship of the young people as they grow in partnership with GOA churches.
4. We intend conduct parent's seminar where all the mother in the same region will come together and get some education on parenting in this generation.
5. We also would like to continue providing support to the families for food and school fees for the children
6. For our teams to effectively care for the children we need \$1500 more for the children and family needs every month.

We appreciate the GOA partners that have helped us care for these children to this far. They all can smile at the future that is waiting for them.

Education is one of the strategies the GOA has adopted to restore dignity to the less fortunate. To make this goal achievable, GOA has started 5 schools that provide quality education to the needy children and adults. These schools include one High School and four primary schools and one adult school. Three of GOA Primary schools are located among the unreached people in Samburu and Turkana while one Primary school and the GOA High school are located at Tumaini Childrens Home. The GOA Adult education Centre is located among the unreached Turkana people where more than 40 adults have had the opportunity to taste school.

GOA High School

GOA High school currently boats a total of close to 100 students in the four grades. A total of 20 candidates sat their national examination at the end of last year. Managing to score a mean grade of 2.632 this was noted as good performance having recovered from the Covid 19 disruption of the Covid season. GOA High School is also the regional champion in athletics in the last regional games after our students posted good performance in the games. Through the help of our partners in Switzerland we built four new additional classrooms a girls dormitory. With these improved facilities, we have space to admit more students who will study in ample space and accommodate them comfortably in the new dormitory.

GOA Education Centre Kinangop

We currently have 119 children at the school. This has been attributed to the new school bus that we bought last year through the help of our friends and partners. At the close of last year a total of 21 candidates sat their National Exams at the end of their Primary education in class eight and Grade 6. All the class eight graduates have proceeded to High School while the Grade 6 graduates have all preceded to Junior Secondary School at GOA Education Centre. This year 20 candidates will sit the KCPE While 7 candidates will sit their grade 6 Evaluation Test.

GOA Adult Education Centre

The Centre currently has 35 adults attending their classes daily. Ten of the learners are ready to sit the KCPE examination at the end of the year and they have been registered. This will be a great milestone for the school and a great encouragement to other learners.

GOA NABWELPUS EDUCATION CENTRE

More than 300 children have had an opportunity to attend school here. Besides the provision of education the school also provides the children with food, to many of them the only meal in the day. The school has registered the first Class eight candidates class. A total of 7 10 candidates will sit their National exam later this year. However the first Grade six class sat their National assessment exam last year and transitioned successfully to Junior secondary school. We have bought new school uniform for all the children as well as other learning materials for the children. In addition, God has been faithful to provide for the feeding of the children at the school.

GOA Nkirashi School in Samburu

The school started in a structure made of sticks with just a few children from the Samburu community and one volunteer teacher. The school has grown and has a population of 126 children and four teachers. The school is currently preparing to register the first grade 6 class in the coming year. Over the last year we have successfully provided the school with food and learning materials . We look forward to growing the school to admit more children.

Priority needs for year 2023/2024

- i. Our education teams are in need to adequately provide quality education to our children.
- ii. At Tumaini complex we are in need of more room for Junior Secondary students. This is in addition to the other needs of classrooms to accommodate all the 11 grades that we currently have at the school.
- iii. GOA Nabwelipus in Turkana County requires four extra classrooms at the cost of USD. 13,000 to support all the classroom in the school. The children in the school also need food to keep them at school.
- iv. Nkirashi school among the Samburu people is in need of four more classrooms each costing \$12,000 to accommodate all the children in the school The school also needs additional teachers
- v. GOA Adult School is in need of classrooms which would cost \$13,000 each. The only building that the students used for their learning was blown away by strong winds leaving them in the open.
- vi. We are also in need of an extra teacher for the adult school that would require a monthly Salary of \$120. The school adult school also requires teaching materials such as text books and revision books for the candidates estimated to cost \$200.

Peace

I am Reverend Joyce Njeri Munyiri, a family therapist and counseling psychologist. I am married to Bishop David Munyiri. I have served in Glory outreach Assembly (GOA) since 1992 in various capacities. Currently I am serving in the peace department in the area of family strengthening and handling counseling issues. I am also direct our education teams in charge of GOA schools.

Rev. Joyce Munyiri, Director GOA Peace

What Our Peace Teams do

GOA Peace teams provide a platform for peace building and conflict resolution, mental health and family strengthening among families churches nations and also individuals. Peace is vital for the effective spread of the Gospel and as a result GOA peace teams place a lot of premium on building a peaceful society for effective evangelism and disciple-

Family strengthening efforts

Our commitment to build strong families has born fruit. Four young couples were joined in Holy matrimony

after successful premarital counseling sessions. One more couple that had been married for some time also took the challenge to renew their marriage vows and acquire their marriage certificates. Our teams at regional and church levels held marriage seminars to empower couples in the life long journey as well as couples' retreats that gave spouses

rare opportunities to spend quality time together and learn from other couples. As a result many of our marriages are getting more strengthened and happy together.

Group counseling

We held group counseling sessions for different groups around the GOA Regions. These included women counseling sessions in Kenya and DRC Congo during which the GOA women branded the women ministry

as the GOA Blessed women with the newly designed head scarfs. The 305 participants have gone a long way in helping us build strong women ministries in our churches and regions. We also held the annual RIPEN counseling sessions for the young boys and girls. 36 young people were equipped with life skills and counsel as they transition to High schools to deal with their life issues while another

group of 95 was equipped in our post secondary and secondary students seminar in Nairobi. These groups have also included our children in the eight GOA Homes that need psychosocial support.

With the rising trends in mental health needs, our team has incorporated Simon Ndirangu, an alumni from Tumaini children home that specializes in addressing mental health issues in our communities. Simon has been instrumental in helping both young and old people cope with situations that require mental health support.

I am Simon Ndirangu, 27 years of age alumni of Tumaini children's home, where I have been brought up and educated. I have pursued my Bachelors degree in Social work from Moi University which has nurtured my passion for mental health. My childhood experiences which constituted of grief, discrimination, rejection and poverty meant I underwent so much psychological turmoil. I developed a passion to not only help people going through the same but also educate people to create a safe environment for all.

Our mental health Initiatives

This year we got more intentional as we initiated the Mental Health Program as a strategic response to the societal needs and a way to win souls for Christ and help in maturing disciples. Our community has historically been naive in matters Mental Health. As a result we have reached more than 1000 households with mental health awareness and support through house to house campaigns. More than 500 young people from our community have been reached and helped to cope with mental health issues through one-on-one meetings as well as group outreach forums.

With the society now slow accepting that mental issues are key many members of the community are now reaching out to our team seeking help with their children friends and themselves.

TOP PRIORITIES AND PRAYER NEEDS FOR PEACE TEAMS

- | | |
|---|---|
| <p>a) There are a number of couples that are already being prepared for their marriages. We pray for strong marriages.</p> <p>b) Our teams have undertaken renovation exercise at the GOA Peace Centre in Kinangop to put the Centre to good use as rehabilitation Centre as well as sustainability projects. This projected to cost \$15,000</p> <p>c) Our counseling teams are also in need of \$840 to help facilitate monthly counseling sessions in our homes. We also look forward to conducting the RIP-</p> | <p>EN counseling program for our young children at the end of the year. This is projected to require up to \$2200 for a successful counseling session that will impact our young people and prepare them for their next levels.</p> <p>d) Our mental health teams has put plans in place to engage different groups in a drive to create and raise mental health awareness and initiate support programs for the communities. The team projects a need of \$10,800 for a successful mental health drive awareness and support</p> |
|---|---|

Come on board and support Our Teams

We invite you to support our teams to build a peaceful and coexisting society with strong marriages and young people that are productive in their day to day activities.

Stewardship & Integrity

My name is Rev. Phyllis Wangechi Githaiga. The Director of Leadership Training and Development. I am a mother of two boys; Alpha Baraka 14 years, Alvis Baraka 9 years, and a foster mother of one girl called Sarah Galgallo 15 years. I also Pastor Glory Outreach Assembly Murera church. A newly planted church that is still under construction as the Lord provides.

At GOA, we recognize the importance of training and mentoring leaders to nurture equitable, just and peaceful communities. Just like Christ calls us to discipleship, GOA works with members to mentor and train leaders especially among youthful congregants who will take up the leadership mantle and sustain the future God- fearing and loving communities. In the leadership department, we help members discover, develop and deploy their spiritual gifts to help fulfil the great commission. To realize the vision for leadership training and development, GOA works in partnership with International Leadership Institute (ILI), GOA Switzerland, Nairobi Pentecostal Bible College (NPBC) and Daily word feast foundation (CBR).

ILI History Makers

3,860 leaders have been trained in the English Swahili Africa region and they are spreading the gospel

within their nations. The Nation of Somaliland has been penetrated with the history makers training and the underground Christians encouraged to share the gospel in their nation. Other national Teams have been empowered with projectors to make it easy for them during training.

GOA Global University (GGU)

This college aims at empowering people with skills in line with their vision and passion. Currently the col-

lege is offering theology to ministers with a call to serve God in the area of church planting and discipleship, with plans to introduce Computer classes. There is a plan to also introduce computer courses to help the community develop into the digital world. Three Theology schools are ongoing in three GOA regions with a total of 57 stu-

dents devoted to study for effective ministry. The main campus in Tharaka has been facelifted with boarding facilities to accommodate students who travel from far places. The other Satellite centers in Kinamba Laikipia and Nairobi meet one Saturday per month for the classes. From the college, 32 churches have been planted and two more Bible training centers started by the alumni. Our former students are now more equipped to rightly divide the word of truth.

Consistent Bible Reading CBR

CBR aims at helping Christians to develop the discipline of consistent Bible reading. Reading it systematically and meditatively with an aim of getting daily instructions from the Lord. It also teaches scripture memory skill and how

to pray back the scripture to God. Two classes graduated within the year in Kangemi with 9 students and Murera with 20 students. Other classes are in progress in Tharaka, Murera, and Kahawa Wendani. The ongoing classes has a total of 50 students who are passionately learning the discipline becoming consistent bible readers. CBR has also come to lay a firm foundation in the

living word of God. The alumni of the program testifies that they are now reading the bible daily aiming to develop their intimacy with God as opposed to waiting for others to read the Bible for them.

HEART FOR PASTORS SEMINAR

Heart for pastors' seminar is a ministry by Dr. G Wayne Dorsett for equipping pastors and ministers of the gospel. More than 400 ministers attended the training and testified about the life transforming experience they encountered at the conference both in Nairobi and Bungoma.

GLOBAL SERVANT LEADERS SEMINAR

The GSL seminar was held between 28-31 August at Ukombozi retreat center with Dr. Carey Akin. 26 key GOA leaders who learnt the keys to leading others through service by going deeper in their relationship with God and others. The group has since then walked through the journey together as they encourage and follow the principles learnt.

Top Priorities in 2023/2024 financial year

1. God's provision of 2 million to complete GGU construction work.
2. The learning expenses for the GGU and CBR classes 1,500,000
3. To train 5,000 leaders in the English Africa 30,000,000
4. Coaching for 5 the weak teams @ 3000 = \$15,000
5. All training teams and programs to be empowered by the necessary equipment such as projectors and laptops.
6. Translation of the History makers to various national languages: Luganda, Malawi (Chichewa), Lesotho (Susutu), and Kinyarwanda. \$5000
7. Train more leaders through Heart for pastors and Global Leadership Seminar
8. 3 million to complete GOA Murera
9. Provision of 1.5 million for the coordinator's car.

Mentorship

The fact that 72% of the Kenyan population is the youth and they love sports necessitated us to think differently by taking the church to the youth through the ball over years. We have traversed the nation with tournaments and the word and also supported our teams in sports such as football, floorball, Rollball, volleyball, Athletics and table tennis. We have over 70 teams for outreach

70

Active Teams and Counting, Reaching young people with The Gospel

- The support from Crane Eaters community church in the US saw us venture into Yambio South Sudan where sports ministry is now actively led by Simon, a sports ministry missionary.
- The Floorball4all camp held in Nairobi Kenya equipped 30 sports ministers to reach more young people with the gospel through sports.
- Our Sports ministry Director Paul Maina and Kelvin represented the country in Switzerland for the floorball4all International conference that brought together leaders from nations across the globe

It was also a sad moment as we lost June, our best floorball player who was brutally murdered under mysterious circumstances. Investigations into her death are still underway.

In the Picture June receives her award after a stellar performance in a Rollball tournament in Nairobi Kenya

Our Priority and focus for the coming year

- As we start this new year our teams target over 2000 people with the gospel through Sports. In separate sports tournaments in Kenya and beyond we target more than 40 teams in each event with a primary focus to share the Gospel.
- In the month of July Our sports director Paul Maina travels to Malawi for a sports evangelism drive and equip Sports ministers for the gospel.
- To effectively accomplish the tasks ahead of us our sports teams need an estimated USD 60,000 for all our sports evangelism drives.

My name is Timothy Thagana, I serve in the mentorship pillar mainly focusing on the equipping of young leaders through building a strong alumnus from the children's homes to support other children and establishing a Vibrant Peer Support Training Programme for Life skills, Career and youth Ministry.

Timothy Thagana, Coordinator Post Secondary Mentorship

The Figures

New Admissions to
Universities & Colleges

Students in
Universities & Colleges

Estimated Annual budget
for Tuition fees and Support

We mentor students along their lines of careers of interest, their spiritual lives social lives as we help guide them into making the right life choices. In the past year of our mentees graduated from different colleges who are now piecing together their lives as they grow themselves to self sustainable young people that are impacting other at the same time.

With your support and donation we could admit more young people for mentorship and career development and empower them to live their God given Dreams and purposes in life.

Our teams also received the addition of Pastor Charles Ngugi who will help shape the spiritual lives of the students through Spiritual Mentorship and empowerment to save in GOA SACCO for their future. We look forward to producing young people who are social fit as well as sound Spiritually.

Our prayer needs and priorities

- 7 of our students in different colleges will be finishing their studies this year and graduating with their different certificates of academic achievements.
- We also look forward to enrolling 10 more students on institutions of higher education. Each of the students requires an estimated USD 200 to start their career training journey
- Every quarterly our mentorship teams shall hold group mentorship forums with students to help consistently shape their careers social life and encourage them in their progress.

Leadership & Admin

Media and Communications

My name is Samuel Kairu, second last-born kid in a family of eight siblings. I have been brought up at Tumaini children's Home together with two of my siblings since my mum was not able to provide for us having raised us as a single mother. She later passed on in 2003 one year after we had been admitted at Tumaini home. I was educated and well cared for at Tumaini until I pursued my career in Film and Tv production. Today I serve at the GOA Head office in the communications Team. Our teams help the rest of GOA teams reach more people with the Gospel. Besides being an important tool in sharing the impact and inspirational stories from the different areas where GOA serves, it has become a major tool of creatively sharing the Gospel of Jesus. In order to help us reach more people and Nations with the Gospel, GOA media Team seeks to upgrade our communication equipment to premium stream set ups. This in preparation to venture in to TV Media later on.

Equip our teams to make more disciples

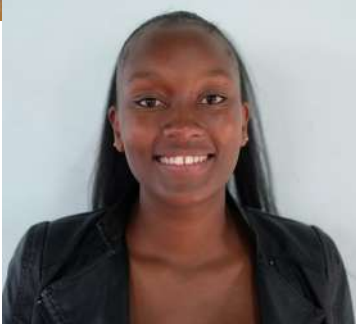

Through the GOA communication strategies, partnerships have been built, communities have been transformed and lives changed across Africa. The GOA communications teams are now growing the GOA networks to be able to reach more people with the Gospel through GOA Tv and the GOA Livestream and online creative evangelism. For this to be done effectively, Our Communication team is in the race to raise USD 26,923 for the equipment upgrade and. Would you like to join this move and equip our communications team with better equipment for more disciples to be made?

Congratulations Bishop David Munyiri

GOA communications teams join the rest of the friends and partners of GOA and Bishop David Thagana in celebrating the iconic win of the DIAR awards for peace and cohesion champion of the year 2023 awarded on 5th March 2023.

Volunteers

My name is Grace Wangechi I am honoured to be serving at the GOA Head Office where I coordinate the volunteers program. I am happily married to my best friend kelvin Kariuki. We are blessed with a handsome boy and a beautiful girl. GOA volunteer program aims at creating volunteer opportunities for people to utilize their gifts and skills to glorify God and impact lives.

GOA opened doors to friends and partners for volunteer opportunities after learning the impact that this would have not only on the members of the GOA family in Kenya but the volunteers themselves while serving. Since the new have hosted more than 1000 volunteers, Local International and students on Internship in our different projects.

In the past year alone we hosted a total of 45 volunteers. 16 of theses were local volunteers and Interns from Institutions of Higher learning in Kenya while 29 of the were International volunteers from outside the country. They served in different GOA projects, Children homes, Theological training seminar schools. Through their help many needs in our institutions have been met as well as new sponsorships of our compassion children.

It is After coming back to Rhema to serve that I have appreciated the effort that was put in taking care of me by Goa and I therefore want to do the same for my younger brother and sisters left in the home. Thank you so much friends and partners who support GOA projects

Mary Wangui, Alumni Rhema Home

There are more opportunities to serve in our homes and other projects. All these are open to you and your friends and families. Would you love to serve with us as a volunteer. Please get in contact with us and the door will be open right in front of you.

Our Top Priorities and Needs

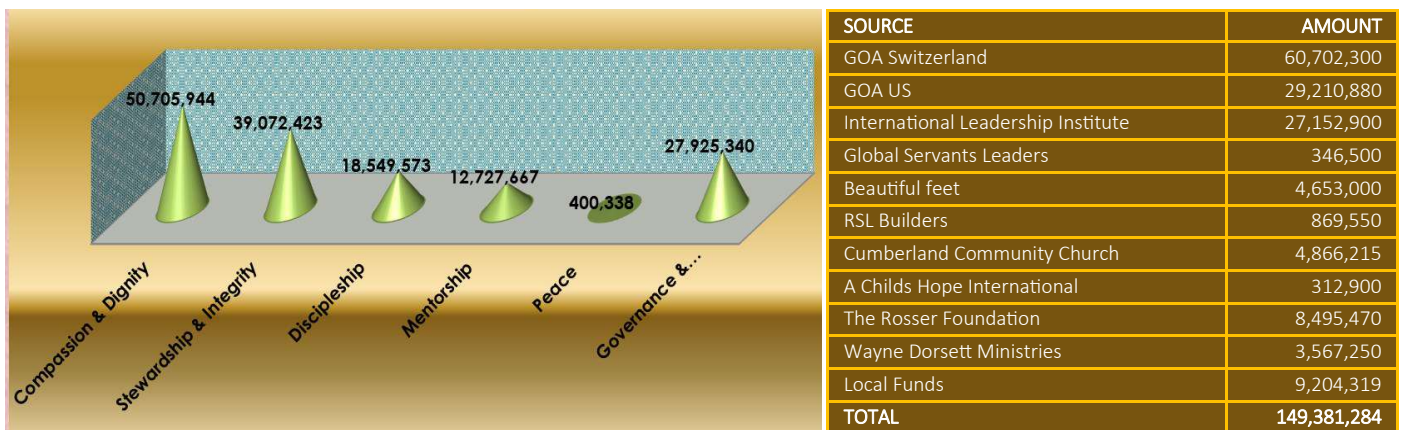

- Our teams are prepared to host more volunteers to serve inn our projects. In order to host more local volunteers and students on Internship our teams need up to USD 7200.
- We have also put plans to equip our home and institutions managers on how to best handle volunteers and students on internship for them to exploit their potential to their maximum and serve to their best.
- Research on how to improve our volunteers' experience when they come to serve with us, both from the International partners and locally in Kenya.

My name is Grace Wangui Mbugua the Chief Finance Officer of GOA Ministry. Am happily married to Mr James Mwangi and the Lord has been so gracious to us and blessed us with two wonderful sons Charles and Travis aged 8 and 5 respectively. Am an accountant by profession and I have served in GOA ministry for the last 5 years and I thank the Lord for the opportunity to serve. During the 2022/2023 fiscal year we have witnessed Gods provision in a huge way. Today the ministry has a team of 73 staffs, 32 in the children homes, 16 at the head office, 21 in the schools, 1 missionary, 2 at GOA Global University and 1 farm manager in GOA Githabai farm. We also have a bigger team of more than 200 pastors who serve in the churches and volunteers working in the children homes.

Our Financial performance

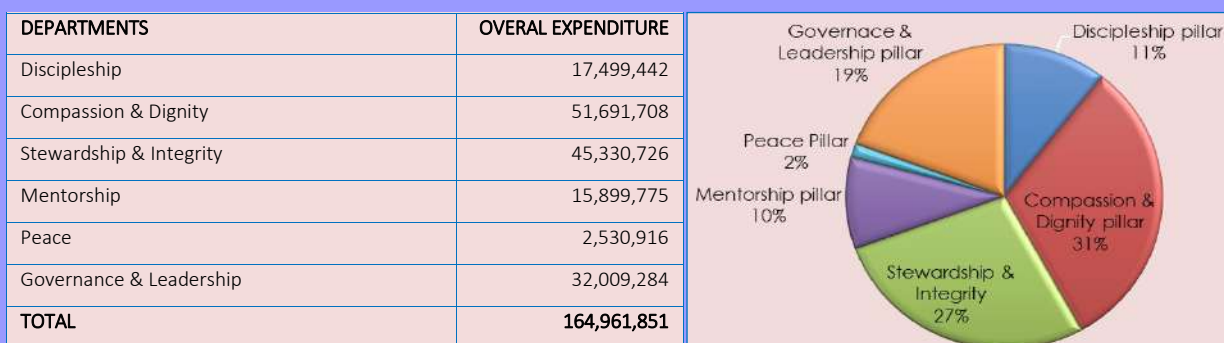

During the year we received a total Income of Kshs 149,381,284 which is an increase from last financial year whose amount was Kshs 129,337,351. Consequently compassion received the highest at the rate of 33.94%, followed by Stewardship & Integrity at 26.16%, Governance and Leadership Discipleship at 18.69%, Discipleship at 12.42%, & Mentorship at 8.52% and Peace Building department at 0.27%.

Graphical representation of our income for the 2022/2023 financial year and the sources of income

Overall ministry Expenditure

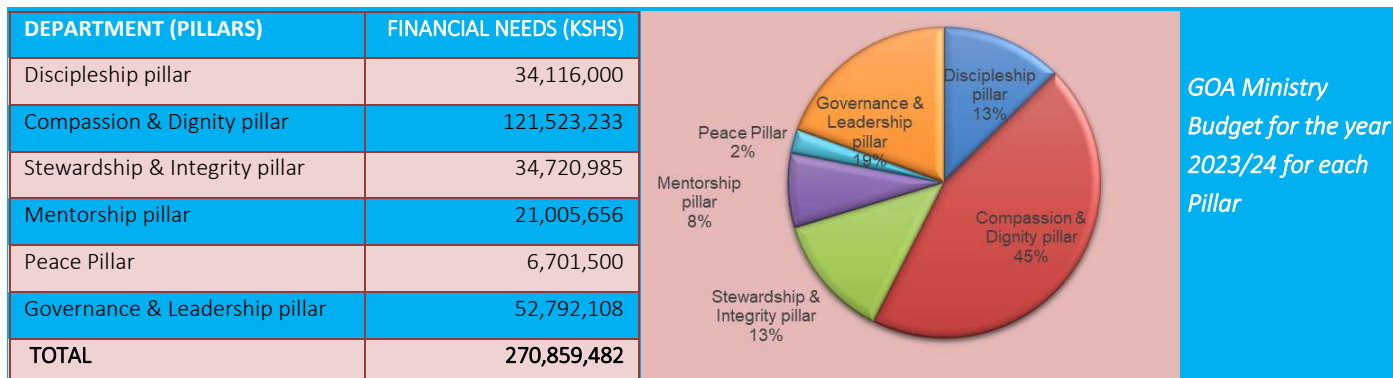

During the year the ministry spent 28% of its resources in capital expenditure. This means that the ministry is growing in a positive way in terms of increasing its asset net worth.

Overall ministry expenditures for the year 2022/2023 for each of our departments

Our pending priorities and Needs for the 2023/2024

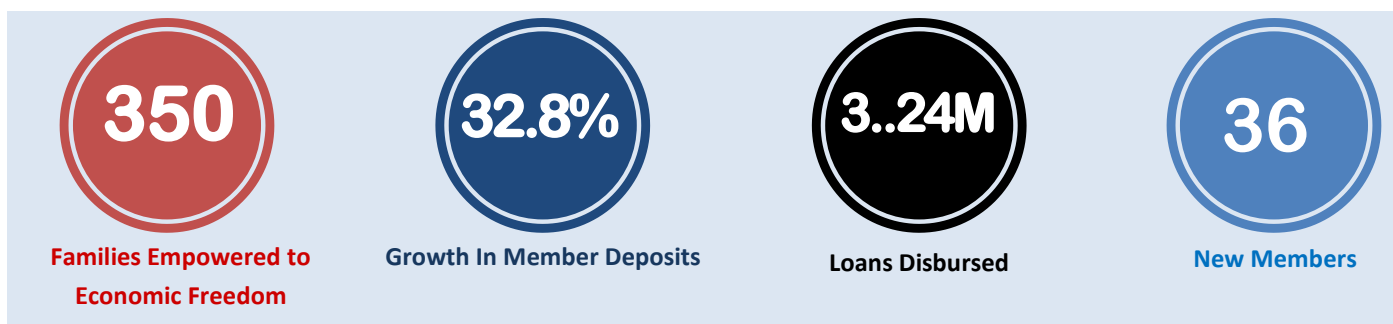

At the beginning of the financial year **2022/2023** a lot of activities had been scheduled and planned to take place. However due to limited resources the ministry was unable to accomplish all the planned activities. Our team has given these unmet needs top priorities in this new year and together with other ministry needs developed the ministry budget for the new year. Would you consider partnering with GOA by funding some of these needs. Please let us know and we'll gladly share with you the needs from each of the GOA Pillars

With your support GOA teams will make more disciples in Uganda, Tanzania, Rwanda, Burundi, DRC Congo, South Sudan and Malawi.

GOA SACCO

The efforts to empower GOA communities Economically was initially started through a microfinance framework in 2004. The members accessed credit for their economic projects and grew themselves. As time has grown and the need grown too the GOA Microfinance has grown into a SACCO regulated by the Government that offers affordable credit facilities to the members. GOA SACCO has empowered member to start business, build homes and meet other obligations such as school fees for their children. Members of GOA SACCO enjoy affordable credit that has helped them grow towards economic freedom.

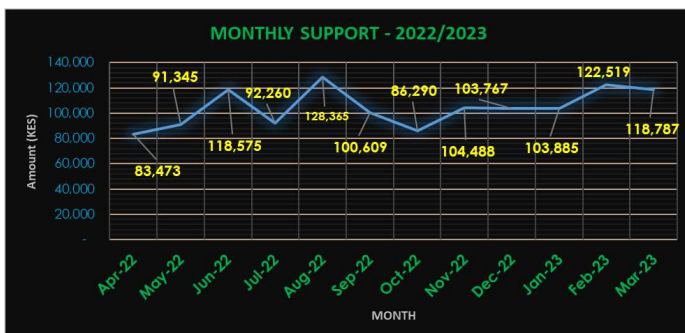

My name is Joseph Wanyoike Kago. I am a 26 year old young man who was born, brought up and disciplined in GOA church. I joined GOA Head office team in June 2019 as an admin assistant, GOA Sacco accountant and GOA Dream Centre and office project administrator. I am excited to see the members of GOA SACCO grow towards financial freedom. Together with the entire SACCO team, we are making all efforts to see that our members funds are secured and available for the growth as they need them.

I'm Patrick Mungai, the Accounts Assistant at the GOA Head Office. I am married and blessed with one daughter. Besides the finance responsibilities, I also oversee our Financial sustainability strategy projects. Looking into the future, GOA Ministry seeks to expand the sources of income to meet ministry needs as well as expand the impact space. It is in line with this that the Ministry is focused more than ever in diversifying its sources of income. Through creating a local portfolio of economically viable investments that will generate revenue for the Ministry.

Support for GOA Churches

GOA Local churches have in the past year supported the ministry with Kes. 1, 254, 363 amidst the economic struggles. We pray for God's provision to our churches to keep the support for the ministry and grow the fund further.

Sustainability Projects

Githabai farm is one of the Agribusiness projects that GOA has adopted to nurture towards financial sustainability. The farm features crop and animal farming through the sales of which the ministry looks forward to grow the local revenue. We intend to install Drip irrigation system and drill a borehole on the property at an estimated cost of USD 36,000 to sustain all the farming activities on the farm.

Besides the agribusiness project GOA ministry has also invested in other business opportunities such as Mobilize money transfer Internet café and mineral water processing. These projects are well underway as we look forward to better results in future.

Hospitality and Rental Project

Our Vision for sustainability has grown further with the ministry considering venturing in Hospitality Industry and rental property. It is estimated that putting up a modern Guest house in Naivasha will cost the ministry an estimated USD. 120,000 where we shall host our Conferences and training events while we generate income from the facility. The Costs for building our proposed rental houses in Umoja Estate Nairobi are still underway

Thank you so much

We take this opportunity to thank our dear partners who have walked with us during the 2022/2023 financial year and humbly invite you to continue walking with us in this new financial year 2023/2024. Be blessed.

The GOA Dream Centre

GOA Headquarters Church is envisioned to be the central hub for GOA teams from where teams will be

dispatched for missions to unreached areas to plant churches, keep peace, care for vulnerable children and those at great need and equip leaders for effective spread of the gospel. The Dream Centre shall also besides being the GOA ministry Resources Centre for preparation of the

missions team be a symbol of Unity for the ministry as well as God's presence in the Community.

The Dream Centre is one closer than it has ever been. We are closer to obtaining the necessary government approvals that will see us start the first phase of the project which shall include the foundation and the ground floor. To its completion the project is currently estimated to cost up to Kes. 250 Million an equivalent of USD 25 Million.

Would consider today giving a gift that will go a long way in helping the Dream Centre Dream become a reality? Please consider a generous gift for the Dream Centre.
